CHIGLO

The alternation between different elements moves between the designers' personalities and the capabilities of Sardinia, an endless source of inspiration for ChiGlo and a backdrop for great contrasts.

The world of colours, shapes, sounds and feelings that has been their horizon for a long time, especially for the elements which it keeps together, seemed like the perfect playground to develop their way to find each other in their shared passion for beauty and to create a real aesthetic universe. ChiGlo is contemporary folk in a cosmopolitan dimension. Visit www.chiglo.net
